Certain Frozen Fish Fillets from the Socialist Republic of Vietnam: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2019-2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that NTSF Seafoods Joint Stock Company (NTSF), an exporter of certain frozen fish fillets (fish fillets) from the Socialist Republic of Vietnam (Vietnam), did not sell subject merchandise in the United States at prices below normal value during the period of review (POR) August 1, 2019, through July 31, 2020. Commerce also determines that it is appropriate to apply facts available, with adverse inferences (AFA), to East Sea Seafoods Joint Stock Company (ESS), an exporter of fish fillets from Vietnam. Further, Commerce determines that one additional company, Green Farms Seafood Joint Stock Company (Green Farms), is eligible for separate rate status, 32 companies did not establish eligibility for a separate rate and are part of the Vietnam-wide entity, and 15 companies had no shipments during the POR.

SUPPLEMENTARY INFORMATION:

Background

On September 10, 2021, Commerce published the preliminary results of this administrative review and invited interested parties to comment.¹ On November 16, 2021, Green Farms, the petitioners,² and Colorado Boxed Beef Company (CBBC)³ submitted case briefs.⁴ On November 29, 2021, the petitioners, CBBC, Nam Viet Corporation (NAVICO)⁵ and NTSF submitted rebuttal briefs.⁶

On December 22, 2021, we extended the deadline for issuance of these final results to March 9, 2022.⁷ In February 2022, we requested that the petitioners refile a submission made prior to the *Preliminary Results* after revising their bracketing of certain information designated as business proprietary information, and we permitted interested parties to comment on the newly public information.⁸ On February 15, 2022, we held a public hearing.⁹

Scope of the Order¹⁰

The products covered by the *Order* are frozen fish fillets, including regular, shank, and strip fillets and portions thereof, whether or not breaded or marinated, of the species *Pangasius Bocourti*, *Pangasius Hypophthalmus* (also known as *Pangasius Pangasius*) and *Pangasius Micronemus*. For a complete description of the scope of this order, *see* the Issues and Decision Memorandum.¹¹

Analysis of Comments Received

We addressed all issues raised in the case and rebuttal briefs filed by interested parties in the Issues and Decision Memorandum. Attached to this notice, in Appendix I, is a list of the issues which parties raised. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Final Determination of No Shipments

In the *Preliminary Results*, Commerce preliminarily determined that 15 companies had no shipments of subject merchandise during the POR.¹² Following the publication of the *Preliminary Results*, we received no comments from interested parties regarding 14 of these companies, nor has any party submitted record evidence which would call our preliminary no shipment determination into question for these companies. Therefore, for these final results, we find that these 14 companies had no shipments during the POR. For a list of the companies for which we made a no-shipment determination in these final results, *see* Appendix II.

¹⁰ See *Notice of Antidumping Duty Order: Certain Frozen Fish Fillets from the Socialist Republic of Vietnam*, 68 FR 47909 (August 12, 2003) (*Order*).

¹² See *Preliminary Results*, 86 FR at 50699.

With respect to the remaining company, NAVICO, we received comments from interested parties requesting that Commerce reevaluate our no-shipment determination. However, for the reasons explained in the Issues and Decision Memorandum, Commerce also continues to find that NAVICO had no shipments during the POR.¹³

Consistent with our practice, we will issue appropriate instructions to Customs and Border Protection (CBP).¹⁴

Separate Rates

We continue to find that the non-individually-examined exporter Green Farms and individually-examined respondents ESS and NTSF have demonstrated eligibility for separate rates.¹⁵ As noted below, we have assigned Green Farms the average of the rates established for ESS and NTSF, consistent with our practice in administrative reviews and section 735(c)(5)(B) of the Tariff Act of 1930, as amended (the Act).¹⁶

Vietnam-Wide Entity

In the *Preliminary Results*, Commerce found that certain additional companies for which a review was requested did not establish eligibility for a separate rate.¹⁷ We have received no information since the issuance of the *Preliminary Results* that provides a basis for reconsidering this preliminary finding. Therefore, Commerce continues to find that these companies are part of the Vietnam-wide entity.¹⁸

Use of Adverse Facts Available

Pursuant to sections 776(a) and (b) of the Act, Commerce has assigned ESS a dumping margin of \$3.87 per kilogram based on AFA. ESS ceased participating in this review and did not provide information requested by Commerce; accordingly, we find that necessary information is

not available on the record, ESS failed to provide the requested information in the form and manner requested and significantly impeded the proceeding, pursuant to section 776(a) of the Act. Additionally, we find that ESS had necessary information in its possession and elected not to submit the information and, thus, ESS did not act to the best of its ability in responding to Commerce's information request by the applicable deadline, pursuant to section 776(b) of the Act. For further information, *see* Comment 6 in the Issues and Decision Memorandum.

Changes Since the *Preliminary Results*

We made no changes from the *Preliminary Results*.

Final Results of Administrative Review

The weighted-average dumping margins for the final results of this administrative review are as follows:

Exporter	Weighted-Average Dumping Margin (dollars per kilogram)
NTSF Seafoods Joint Stock Company	0.00
East Sea Seafoods Joint Stock Company	3.87*
Review-Specific Rate Applicable to the Following Company: ¹⁹	
Green Farms Seafood Joint Stock Company	1.94

*This rate was determined wholly under section 776 of the Act.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b), Commerce has determined, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Commerce intends to issue appropriate assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the *Federal Register*. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant

¹⁹ This rate is based on an average of the rates assigned to ESS and NTSF, pursuant to section 735(c)(5)(B) of the Act.

entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

For NTSF, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. Pursuant to Commerce's assessment practice, for entries of NTSF's merchandise that were not reported in the U.S. sales data submitted by NTSF during this review, Commerce will instruct CBP to liquidate such entries at the Vietnam-wide entity rate.

Because Commerce determined ESS's margin on the basis of AFA in the final results of this review, Commerce will instruct, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise at the rate of \$3.87 per kilogram. Because we assigned a rate of \$1.94 per kilogram to Green Farms in the final results of this review, we will instruct, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise at the rate of \$1.94 per kilogram.

Where we determined that an exporter under review had no shipments of the subject merchandise to the United States during the POR, any suspended entries that entered during the POR under that exporter's CBP case number will be liquidated at a rate of \$2.39 per kilogram, the rate for the Vietnam-wide entity, consistent with Commerce's assessment practice.²⁰ Likewise, for companies that were found to be ineligible for a separate rate, we will instruct CBP to liquidate entries of subject merchandise exported by such companies at a rate of \$2.39 per kilogram, the rate for the Vietnam-wide entity.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) for the companies listed above, the cash deposit rate will be

²⁰ See *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694 (October 24, 2011).

equal to the dumping margin established in the final results of this review (except, if the rate is zero or *de minimis*, then the cash deposit rate will be zero); (2) for previously examined Vietnamese and non-Vietnamese exporters not listed above that maintain separate rates based on a prior completed segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate; (3) for all Vietnamese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the Vietnam-wide entity (*i.e.*, \$2.39 per kilogram); and (4) for all non-Vietnamese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Vietnamese exporter that supplied that non-Vietnamese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: March 9, 2022.

Lisa W. Wang,
Assistant Secretary
for Enforcement and Compliance.
